

Adaptable Tables

CAMBRIDGE Q SERIES

tables

- 36" wide - TOD3036
- 48" wide - TOD3048
- 60" wide - TOD3060
- 72" wide - TOD3072
- *96" wide - TOD3096

BW

- 1" black epoxy work surface included
- the clear opening between the table legs can be approximated by subtracting 8.5" from table top width
- table top is 30" deep with 2" side and front overhangs and flush with the back of the table frame for overhead accessories when required
- caster swivel may interfere with suspended cabinets at lower table height adjustments
- table can accommodate lower shelf**

construction: fully welded frame construction with stainless steel dual-bolted leg inserts for height adjustment

adjustment: adjustable in height on leveling feet or casters with a 1" work surface
adjustable from 25" to 38" on levelers
adjustable from 30" to 43" on casters

mobility: both leveling feet and casters are included with each table if desired and specified

lower flexibility: hanging rails support suspended components (see pg. 4-6)
**cannot be used in combination with suspended cabinets

upper flexibility: optional shelving system bolts to rear table legs (adding 1.625" depth)

weight capacity: 1,000 lb. evenly distributed on frame (please account for the work surface, undercounter storage and benchtop equipment)
*96" table supports 500 lb. evenly distributed

frame color: warm gray or bright white

CAMBRIDGE SHELVING KIT

overhead strut shelving kit

- 48" table kit - TOSK48
- 60" table kit - TOSK60
- 72" table kit - TOSK72
- 96" table kit - TOSK96

BW

- shelving kit includes:
- (2) 11 ga. painted steel strut uprights
 - (2) shelf support brackets
 - (2) bookstop rails
 - (2) black plastic laminate shelves
 - (4) bookend brackets
 - bolts and hardware

adjustment: shelving brackets are infinitely adjustable in height along the strut which typically rises 47" above the worksurface

shelving: 1" particleboard core with horizontal grade black plastic laminate on both sides and banded with a durable 3mm black PVC edge
*phenolic shelving available upon request

flexibility: add/remove/modify kit on any standard Cambridge Series Table

weight capacity: each shelf supports 200 lb. evenly distributed

steel frame components: warm gray or bright white

shelf: black
